Dear Phil:

Thanks again for your insightful presentation on cross border trade between the U.S. and Canada. Our Nevada World Trade Council members found the information very helpful in looking at the import and export opportunities with one of our closest neighbors. Also, the informational packet you provided will be a valuable resource that NEWTRAC members can utilize for future reference.

Thanks for sharing your vast experience with us, and we look forward to you visiting us here in Nevada sometime soon.

Sincerely,

Jim Lauria
President, NEWTRAC
